Endorses Legislative Candidate--Is Fitted

Crow Agency, Montana,
June 30, 1930.

To Whom It May Interest:

I have just heard that my old friend, S. W. Pugh, of Fort Bragg, Calif., is a candidate for the nomination for the state legislature. Having known him well several years ago I feel that I want to contribute a word in his interest.

I first made the acquaintance of Mr. Pugh about 1904 or 1905 as I recall. He was then a teacher in the U. S. Indian Service and had been for some years before that time. He was an efficient employe and especially marked by his conscientious, faithful devotion to his duties. He was later promoted to the position of superintendent and disbursing agent in the same service, involving administrative and executive duties with a number of employes under his direction and rather extensive disbursement of government funds.

His health was impaired by strenuous work and his children had reached the age where they required school facilities not offered at his location, and he moved to Auburn, Calif., where he had fruit and general farming land to handle. Here his three children had good school advantages and have made rather marked success in college along the lines of their ambition.

He has been in California now for some 15 years and his work has given him an intimate knowledge of the state and particularly of the north coast region which he seeks to represent in the legislature.

He has necessarily been economical and frugal in his own business and it is inconceivable that he would be otherwise in business for the public. Unless California climate has wholly changed his character, and we do not believe it has, he is just such a man as I would regard as safe and useful in the legislature.

Very respectfully,
(Signed) C. H. ASBURY,
Supt. Crow Indian Reservation.

WERE NOT ALARMED

Word from the Ukiah delegation of Campfire Girls in an outing at Camp Thayer, near Cazadero, Sonoma county, was to the effect a rattlesnake, carrying eight rattles and a button, was killed in the camp last week. The incident was marked by utter self control on the part of the girls, who did not let the unpleasant occurrence interfere with their camp routine in the least.

NURSE NEVER SAW ITS EQUAL

crippled up with neuritis pains in my hips, legs and feet, and my feet were so swollen I had to hobble around in old slippers, and the conductor always had to help me on and off the car. I suffered dreadfully with indigestion, was constipated, bilious and rundown. Three bottles of Sargon removed all my pains and swellings and I walk now with ease. I never have indigestion any more, and Sargon Pills entirely relieved me of biliousness and constipation and didn't upset me in the least. Best of all their effects have been lasting."—Mrs. Mina Pertzborn, 2024 Newton Ave., San Diego.

Pat Butler, of Big Valley, Lake county, was a business caller in town during the week.

MILDER, YES—BUT SOMETHING MORE. Chesterfield offers richness, aroma, satisfying flavor.

BETTER TASTE—that's the answer; and that's what smokers get in Chesterfield in fullest measure—the flavor and aroma of mellow tobaccos, exactly blended and cross-blended. Better taste, and milder too!

PEAR PRICES FORMALLY SET

Lake And Mendocino Get Highest Figures In The State

Mendocino and Lake counties quality canning pears will bring highest association prices, according to figures fixed last week for the 1930 canning pear crop at a meeting of the California Pear Growers Association. The price for local and Lake county pears has been set at $48 a ton. Prices for canning pears range from $38 to $48 for No. 1 pears and $25 for No. 2 Coast counties growers will receive $38 per ton for top stuff. This group includes Napa, Marin, Sonoma, Alameda, San Benito and Santa Clara counties.

What Estimates Are.

According to Frank T. Swett, president and general manager of the association, the Bartlett pear crop this year is estimated at 194,000 tons. Approximately 50,000 will grade No. 1. The bulk of California Bartlett pears are shipped east as fresh fruit or are consumed within the state.

DICK COLLINS HAS MADE GOOD

Head Of The Board Of Equalization Should Be Retained

Richard E. Collins, of Redding, chairman of the State Board of Equalization, was conferring Wednesday with local citizens, among whom he has acquired a large acquaintance during his long period of public service. Familiarly known as "Dick" to a host of his constituents, Mr. Collins is rounding out his twenty-fourth year as member of the state board from the third equalization district. He is seeking the republican nomination to succeed himself at the primary election August 26.

Long On The Board.

Reviewing his extended service in revenue administration, Mr. Collins made the following statement to the voters in his district: "Because I believe the people want experienced, practical and efficient handling of tax work, I am submitting my candidacy for another term on the State Board of equalization. My record covers a period of 28 years in this field and is one which I feel I may be justly proud of. After four years as assessor of Shasta county, where I gained first-hand knowledge of local tax problems, I was elected to the state board in 1906. There I have worked consistently to give California efficient administration of state taxes.

Was For Reforms.

"Realizing the necessity of devising better methods for meeting public expenditures, I have helped inaugurate and administer the gasoline tax and other major improvements in our revenue system. Repeated expression of public confidence in my work on the Board of Equalization has indicated to me that the voters are in sympathy with my aims and accomplishments. It is with this in mind that I am again seeking the office to which 24 years of my life have been devoted."

L. O. SALLADAY SERIOUSLY HURT

Former Ukiah Resident Victim Of An Auto Accident

L. O. Salladay, of Santa Rosa, father of Mrs. Paul Mathews of this city and Mrs. Russell Patteson of Hopland, suffered a broken leg at the knee, several fractured ribs and many cuts and bruises when a car driven by his son-in-law, Harry Munn, of San Diego, crashed into a tree on the Upper Lake-Lucerne road Wednesday morning about 10 o'clock.

Remained At Upper Lake.

Mr. Munn was badly cut also and considerably shaken up. The accident is said to have occurred when Mr. Munn turned his car from the road to avoid another motorist driving toward him at breakneck speed. The two men left Hopland early that morning for a business trip to Lucerne. Mr. Salladay was too seriously injured to be moved and has been cared for at Upper Lake since the accident. He is a former well-known resident of this city and Covelo, where he visited July 4 with his family at the W. H. Ham home. The leg injury is regarded as the most serious and although Mr. Salladay was badly nauseated after the accident no internal injuries have been indicated since. With other family members Mrs. Paul Mathews has been with her father since the accident.

NOW AT MARTINEZ

W. J. Roberts, former manager of The State Theatre here, was in the city recently to visit Mrs. Roberts and returned to Martinez, where he has an excellent position.

GET HONEST ADVERTISING

Drive The Fakers Out Of Business And Out Of The State

Editor:

My attention has been called to a publicity sheet released recently to several newspapers which reads in part as follows:

"Numerous fake advertising schemes, sellers of trick maps, representatives of so-called Tourists' Associations and other promotions of a questionable nature appear in the field to prey upon the hotels, resorts, businessmen, auto camps, garages and service stations at this time of the year, when the tourist season is breaking, according to Elliot M. Epsteen, attorney for the Redwood Empire Association. * * * The special map salesman, also the Tourist Association in various guises, is a bunko game which has been played for many years, particularly in the middle west. The Redwood Empire and the Pacific coast is just now beginning to be canvassed by this type of promotion. * * * It goes without saying that a reputable newspaper, magazine or other medium of known standing needs no investigation. Those that should be viewed with immediate suspicion and which should receive thorough investigation are the special map-making promotions and the new Tourist Associations, which are coming into the field in ever-increasing numbers, collecting as much cash as possible, with no intention of delivering any service, or executing any advertising of any value to the subscribers."

Just what the California Tourist Association has been claiming for over a year and it is gratifying to learn that the legitimate organizations are now coming into the fight against fake advertising artists. For the past year the California Tourist Association has used as part of its constructive program the exposure of the fake advertising schemes and if these artsits are just starting in the Redwood section, as stated by Mr. Epsteen, that section is very fortunate, as they have been operating for years in other parts of California.

It is the duty of every businessman to assist in keeping the faker out, and the California Tourist Association takes this opportunity to request all its friends and members in the Redwood section to report any questionable promotion schemes to our main office at 720 Eye street in Sacramento and an investigation will be made and a report mailed to those asking for it.

Our slogan is "The Fakers Must Go."

A. B. GRAY, Manager,
California Tourist Association.

"HARD-BOILED" YOUTH LANDED AS CAR THIEF

Officer Briggs Arrested Oregon Lad Who Confessed Crime

IN TROUBLE UP NORTH

Found Hoplander's Machine And Drove It To This City

What is known in court vernacular as a "hard-boiled" youth ran afoul of Mendocino county officers last week when Willie E. Stevenson, who claimed to be from Oregon, was arrested here by Officer William Brggs, acting on information from Hopland.

Has Bad Record.

The lad blamed his trouble on the fact temptation, in the form of an unlocked car, assailed him as he was trudging the highway Wednesday morning. It was stated in one quarter the lad has a previous crime record in Oregon and he has admitted he had helped himself to about a dozen other unlocked cars he found along the way, abandoning them when the gas supply gave out. His present predicament grew out of the fact a highway employe parked his car alongside the highway four miles south of Hopland where he was working. The lad took the car, which was missed almost immediately and he was arrested by Officer Briggs as he was passing the Boonville road turnoff.

Case Up Next Week.

He appeared before Judge H. L. Preston in the local superior court Friday and was interrogated. The boy, who is 19 years of age, did not have any of the appearances of criminality. He has rather a weak face and is very small for his age. Replying to questions he said he had stolen 10 cars in the city of Portland in the course of four months about a year and a half ago. He also stated he had driven the cars about and then returned them to a point close to where he had taken them. Finally he had been apprehended and was sentenced to the state school at Woodburn. There he served a sentence and, upon being liberated, returned to his home in Portland. At present he is a ward of the juvenile court in Portland. Finding no work, the prisoner said, he had come to California. He beat his way south on freight train and got to Oakland.

Got Wrong Information.

In Oakland he got work as a helper on a truck and kept the job three weeks. Unable to get employment in Oakland he had decided to return to Oregon and started north. Getting on the wrong ferry at San Francisco he found himself in Sausalito and then started north. It was his intention to get to Eureka and "catch a freight train there and get to Eugene." Informed by Judge Preston there were no freights running north of Eureka the boy said he had been told there was and that, until Judge Preston had said there were none, he had entertained the belief he could have gotten to Eugene on a freight train from Eureka.

Case Comes Up Again.

Judge Preston has directed the father of the boy be communicated with, and his case will be taken up again shortly.

OFFENDER IS GIVEN CHANCE

Man Charged With Two Traffic Offenses Is Asking Parole

Pleading guilty to a charge of reckless driving in the superior court after an appearance before Judge John Hoffman earlier in the week Frank Johnson, state highway laborer, had his case referred to Will Van Dyke, probation officer of Mendocino county Friday.

What He Did.

The charge which has put the man in his present predicament grew out of the fact he sideswipped the automobile of Chief of Police Earl Bishop, of Fort Bragg, who was in this city and who had parked his car in North State street while talking with a friend.

He Got Rattled.

Following the occurrence the reckless driver seemed to lose his head and crashed head-on into a power line after running his car up on the curb of the sidewalk at the north end of the Orr Creek bridge.

Driver Slightly Hurt.

It is said the power pole and the car suffered more in the impact than the driver, who received a slight cut on the head.

HURT IN ACCIDENT

A Maryland car, driven by Anna Humphries and occupied by Mrs. J. Humphries and another daughter, was in collision with a machine driven by C. Kincaid, of Oakland, accompanied by his wife, near the rock crusher on the high hill about seven miles south of Willits yesterday afternoon. Both cars were badly damaged and all of the occupants hurt, Mrs. Humphries so seriously injured she had to be taken to the Howard Memorial Hospital at Willits.

CONTINUING CANVASS

Charles Whited, of Willits, who is a candidate for assessor at the coming primary election, was in town Monday. Mr. Whited is making a determined canvass of the county and expects to be in the Ukiah valley shortly to see as many of the voters here as possible.

GO AFTER STOCKS

Mr. and Mrs. H. E. Lieurance, of Santa Rosa, were in town Wednesday greeting friends and attending to business matters. Thursday Mr. Lieurance and his son, Rex Lieurance, left for the east where they will purchase fall goods for the Lieurance department stores.

Mrs. Herman Fitch and two daughters, Clara and Isabel Fitch, left Friday for a motor tour of 10 days through southern California.

Survey Was Not Right —Reburial Necessary

For the purpose of being present when the body of their mother, Mrs. Mary H. Hyden, was reinterred in the family burial plot here Monday the following bay city folk were guests in the Ed Hyden home the first of the week: Mrs. L. M. Shuck, of San Francisco; Mrs. A. J. Spooner, of Oakland, and M. M. Hyden, of San Francisco. The visitors are sisters and brother of Ed Hyden. Their mother was buried here in 1878 and it has since developed the surveys were not exact and the body was lying a few feet outside the family plot which necessitated the present re-interment.

AT SUMMER SCHOOL

Frank J. Zeek, who has made such a splendid success in guiding the Redwood Valley schools the past year, left Sunday for Berkeley where he will attend summer school the next few weeks.

GOT A THOROUGHBRED

Ed Gambrel, who carried off nine first trophies and many other prizes at the 1930 Cloverdale Sheep and Wool Show, will receive this week another pure-bred Delaine ram from Ohio.

WAS IN THE CITY

Leonard Lawson, deputy county clerk, passed the week-end in San Francisco with Mrs. Lawson, who is attending summer school at San Jose.

TIME IS SHORT

If you have failed to register this year, do so at once or at least before July 26 or you will not be qualified to vote at the coming primary election. County officers as well as state officers are to be elected. Register if you wish to have your vote counted.

Local Boy At Home On Naval Vacation

Melvin Gibson, grandson of Mr. and Mrs. John Gibson, is enjoying a furlough from his ship, the Oklahoma, which dropped anchor at San Pedro recently for the annual summer and fall target practice. The young man, who has served almost three years of his four years enlistment, was accompanied here by Normy Staples, former local lad who enlisted at the same time and who is now captain of the gun crew aboard the Oklahoma. The latter made a short visit and returned to his ship. Melvin Gibson is stopping at the home of his father, C. A. Gibson, on West Henry street, and will leave Sunday. He is still in the engine room of the big battleship and this is his first visit home in a year.

LOW TIRE PRICES

Adolph Henrich, of the Ukiah V & D Service Station, is offering a new low price in Fisk tires which is effective immediately. It will pay to investigate before making a purchase elsewhere.

Father Of Local Lady Died In City Saturday

Mr. and Mrs. A. W. Cornelius, Jr., and Mrs. J. Newell Rea went to San Francisco Saturday following word of the death of P. W. Mooney, father of Mrs. Cornelius. Funeral services were held Monday morning in San Francisco with interment in Holy Cross cemetery. Mrs. Cornelius has been at the bedside of her father most of the time for several weks. The family group returned here Monday evening.

CARD OF THANKS

For the many kindly messages of sympathy and the beautiful floral tributes sent in memory of my beloved brother, T. J. Montgomery, I take this means of expressing my sincere thanks and appreciation. I wish to especially thank Reverend Warren Bonner, of the Methodist church, and Edward A. Eversole, of the Eversole Mortuary, for their kind, efficient and courteous services.

Mrs. Eugene Olsen.

CARD OF THANKS

I wish to express my heartfelt gratitude to the many friends, both those of Ukiah and others who came from a distance to attend the funeral of my beloved brother. The words of sympathy, beautiful flowers and acts of kindness extended me in my great bereavement will never be forgotten. The eloquent address made at the grave by John Pasero was greatly appreciated by me.

C. Hargreaves with Carey and George, in company with Mr. and Mrs. E. Holland and son, Elliston, of Ukiah, went to the coast one day recently. They went over the Boonville road and camped at Dimmick Park. They caught the limit of trout in Brush creek and went on to Point Arena where they visited the life-saving station and lighthouse. They also saw many sealions, which was an interesting sight.

Mr. and Mrs. W. Tweedy and son, Clifford, motored up from their home in Los Angeles to pass a short time at the Frank Tweedy home and incidentally make their first acquaintance with their new granddaughter.

Mr. and Mrs. Philo Phelps are rejoicing over the birth of a son born June 30. This is the first little heir to gladden the Phelps home. Mrs. Phelps will be remembered as Violet Winsby.

Frances Kocher and Jessie Wooley have been visiting their grandmother, Mrs. Wooley. Jessie has returned to her home in Richmond while Francis will remain for the summer vacation.

Mr. and Mrs. Jack Perkins are entertaining relatives.

Mr. and Mrs. F. A. Howland have as their house guests Mr. and Mrs. Miller, of Santa Barbara, who are enroute north for a tour on the Redwood Highway.

Neil and Toiva Johnson, of Berkeley, were visitors at the Finnish Colony over the Fourth.

Major Costello has gone to San Francisco for the summer.

Four-H Girls' Club Notes.
(By Jean M. Kinsler)

The Redwood Valley 4-H Club girls met in regular session at the home of Club Leader Mrs. A. M. S. Kinsler recently. Sewing was taken up, some of the girls working on ensembles and others on aprons and laundry bags. In addition several pot holders were completed for which orders had been taken earlier in the season. Orders for pot holders will be appreciated as the money is intended to be used to finance the trip to the Davis convention for girls who are eligible. These pot holders make excellent, simple gifts and are useful, well made articles which are selling for a very small sum.

Four-H Club Notes.
(By John Kinser)

The Redwood Valley 4-H Boys' Club held a combined business meeting and wienie roast at J. C. Johnson's ranch at Redwood Valley Tuesday evening. All but four members were present. Following a delightful swim and numerous duckings hot wienies and buns and other good things were served. After this the business meeting was conducted by Vice-President Robert Ford, as President Harley Branson was away. Reports on vegetable growing projects were given by members who have gardens. The pig club members were not prepared to report on their project. It was voted to invite the Redwood Valley 4-H girls to the next meeting July 29. T. M. Jameson, our leader, made remarks, after which the meeting adjourned.

ROAD SURVEY HITS A SNAG

Consideration Cannot Be Given Round Valley Just Now

Owing to the accumulation of other work the office of the chief engineer of the U. S. department of public works will not pass on the preliminary surveys made by E. H. Smith, county surveyor, of the three proposed highways connecting Round Valley and the Redwood Highway.

Data Is Assembled.

Surveyor Smith has completed the task of surveying the three routes and has forwarded the data to headquarters. The proposed routes will connect at Covelo with the forthcoming route to the Sacramento valley, thus uniting the Pacific and the Redwood Highways in Mendocino county.
